Subject: Application for Front-End Developer Position

Dear Hiring Team,

I am writing to express my interest in the Front-End Developer position at NJ Graphica. With a strong foundation in HTML5, CSS3, JavaScript (ES6+), and hands-on experience with React.js, TypeScript, Redux, and Tailwind CSS, I enjoy creating responsive, interactive, and user-friendly web applications.

During my internships and personal projects, I have:

- Developed interactive, responsive web apps using React.js and Tailwind CSS.
- Optimized UI performance with lazy loading and ensured cross-browser compatibility.
- Enhanced SEO and user engagement through effective web design.

I am confident that my skills and experience align with your requirements, and I am eager to contribute to your team by building high-quality front-end solutions. I would welcome the opportunity to discuss how I can add value to NJ Graphica.

Thank you for your time and consideration. I look forward to your response.

Sincerely,

Shahid Shaikh
